

If you are operating a marine leisure business in Okinawa Prefecture, you are required to register

In Okinawa Prefecture, certain types of marine leisure businesses are required to register with the Public Safety Commission.
(There are penalties for operating without registration.)

Examples of industries that require notification

Beach

Diving

Snorkeling

Motorized water sports

Canoeing · Kayaking

SUP

(Includes leisure activities
such as towing using personal watercraft)

In Okinawa Prefecture, based on the Water Safety Ordinance (Okinawa Prefecture Ordinance on the Prevention of Water Accidents and Ensuring the Safety of businesses), and some businesses require water rescue personnel or guides to operate.

Please go to the top page of the Prefectural Police Website, select "Application and Procedures," then select "Procedures related to marine leisure activities," and check the necessary documents and other information.

If you have any questions, please contact the Water Safety Measures Section on the Regional Affairs Division at the Police Headquarters or the relevant section at your local police station.

All businesses that have duly filed a notification will be listed on the Okinawa Prefectural Police website.
